

IMG ARENA is looking for individuals with a keen interest in sports, to collect official data, in-venue, for American football and basketball matches in the United States.

This is not a full-time role, you will work on a game-by-game basis, working from the stadium in your area.

An example of the data you will collect for American Football is Snaps, Pass Attempts/Completions/Incompletions, Touchdowns, PAT, Punts, Field Goals, etc. An example of the data you will collect for Basketball is Fouls, Steals, Blocks, Defensive/Offensive Rebounds, Substitutions, etc.

In California and Hawaii, we cover basketball only.

Hours of work

- The number of hours depends on the season's games calendar. We require your attendance one hour before the match, the whole match, and around 15 minutes after.

Requirements

- Basic spoken and written English
- Great knowledge of American football and/or basketball
- Over 18 years old
- Residence should be approximately 30 miles from the city for which you are applying
- Technically savvy
- Access to Windows device with FULL HD screen resolution (1920x1080) to complete the training
- In the absence of American citizenship - permission to work in the USA

Benefits

- **90 USD for basketball games**
- **120 USD for American football games**
- Freelancer agreement for 6 months with the possibility of extension
- Financial bonuses based on data collection performance
- You will be provided with a tablet
- Access to training materials online
- Travel expenses refund plan
- Being a part of a worldwide and continuously expanding community

- Matchday entry will be guaranteed on basis of official accreditation.
You do not have to pay for any tickets, the entrance is free

Conflicts of Interest - In line with International Betting Integrity Association Guidelines we are unlikely to work with data collectors who:

- are a direct employee or work regularly as a freelancer with the federation organizing leagues or clubs involved in leagues in which IMG ARENA collect data
- are an employee or freelancer involved with betting operations of a sportsbook company
- are an employee or freelancer involved with providing operational services, such as software, to a sportsbook company
- collect data for another organisation in the same leagues as which IMG ARENA collect data
- *If you are unsure and would still like to apply, please note your circumstances in the Additional Information in the application.*
